Helping Almond Growers Make Informed Decisions

Water use in the Central Valley continues to be a prominent and complex issue impacting your business. To help you make informed decisions, this event will feature leading experts on critical issues facing California agriculture, including the Sustainable Groundwater Management Act (SGMA), groundwater recharge and other challenges affecting storage and management of water.

**May 14, 2019**  
**8:30 a.m. to 1:30 p.m.**  
**Lunch provided**  
**International Agri-Center**  
 4500 S. Laspina St.  
 Tulare, CA 93274

**Please RSVP to Ann Friedrich**  
**at [afriedrich@almondboard.com](mailto:afriedrich@almondboard.com)**  
**by Friday, May 3**
